

Andrey Samsonov
CEO at Felder Group Russia

"This year Felder traditionally participates in Lesdrevmash. It is not only a platform where we show our state-of-the-art equipment models, but also a platform for concluding contracts."

Yuri Khokhlov
Director of Technical Policy at KAMI

"Lesdrevmash is a milestone event for us. We have been taking part in it for 28 years, and it has always been very fruitful. Visitors come here not only from our country, but also from neighbouring countries."

Ivan Dementyev
CEO at Nanxing.ru

"We have been preparing for this show for a very long time. We have brought interesting machines, heavy machines that we haven't exhibited before. We presented the most sophisticated technological solutions. The important event was that major furniture manufacturers came from every corner of Russia, even the most remote ones, and were very interested in buying equipment. To be honest, we did not expect such a demand. All the equipment was sold out in the first two days."

Pavel Baskakov
Sales Director at LIGA

"This year, LIGA participated in a new format. Our stand was located in Pavilion No. 8, where we demonstrated state-of-the-art solutions for furniture manufacturers for four days. It was a very convenient format, which was also appreciated by our visitors. The work was very comfortable, and the interaction with EXPOCENTRE was at the highest level."

20th Anniversary
International Exhibition for
**Machinery, Equipment
and Technology**
for Logging, Woodworking
and Furniture Industries

EXPOCENTRE Fairgrounds, Moscow, Russia

9-12 SEPTEMBER 2024

Lesdrevmash:
your gateway
to the Russian
market

15,500 sq m
of exhibition space

161 companies
from **15** countries

6,500+
visitors

92%
of the exhibitors
generated
new business
and sales leads

Lesdrevmash
is your opportunity to

- look for business partners and examine the market
- close deals
- grow your business
- cultivate your brand image

1,720 tons
of high-end machinery
shown in action

Product **Sectors**

Timber logging

manufacturing

Woodworking

House
construction

Furniture
manufacturing

Automation

Bioenergy

Packaging

Tools

Paints and
varnishes

The timber sector
is one of the most
promising areas
of the Russian
industry

• The volume of harvested
timber is about 200 million
cubic metres per year

• The annual output of the
timber industry in Russia
exceeds 4.1 trillion RUB

• Exports of timber
products – 17.1 billion USD

• More than 80 investment
projects worth over
1.1 trillion RUB are planned
by 2024
